The American Instructors of the Deaf, founded in 1850 and incorporated by act of Congress in 1897, is an organization of educators of the deaf in the United States and Canada with the great object of "promotion of the education of the deaf on the broadest, most advanced, and practical lines," and for that purpose "to secure the harmonious union in the organization, of all persons actually engaged in educating the deaf in America."

The American Annals of the Deaf

The AMERICAN ANNALS OF THE DEAF was founded in 1847 at the American School for the Deaf in Hartford, Connecticut, by the members of the faculty of that school, which is the first free public school for the deaf in America. Although the journal received the approval of the administrative school authorities, the periodical was first entirely sponsored by the members of the faculty. After two years the ANNALS was discontinued for some months but was revived by the members of the American Instructors of the Deaf in their first meeting in New York, N. Y., in 1850.

In June, 1861, the publication ceased because of the War Between the States, inasmuch as the membership was made up of northerners and southerners in almost equal proportion. In September, 1868, the AMERICAN ANNALS OF THE DEAF resumed publication with the editorial office on Kendall Green, in Washington, D. C., where it has since remained.

The AMERICAN ANNALS OF THE DEAF is the official organ of the Conference of Executives of American Schools for the Deaf, which was organized in 1868, and of the American Instructors of the Deaf, founded in 1850. According to the Library of Congress it is the oldest educational publication in the United States still in existence. It is also the oldest journal on the education of the deaf in the world.

The ANNALS is published five times a year, being issued in September, November, January, March, and May. The subscription price is $5.00 a year, payable in advance. If five or more copies of the ANNALS are sent to one address, the subscription price is $4.00 a year. Single numbers sell for one dollar, except for the Directory number which sells for $3.00. Back issues are available for 1847, 1848, 1849, 1857, and from September 1968, to the present. Indexes for 1847-1875, 1876-1885, 1886-1895, 1896-1905, are available at $5.00 each. Indexes for 1906-1915, 1916-1925, 1926-1935, 1936-1945, 1946-1955, were issued as regular numbers of the ANNALS and may be purchased for $4.00 each. From 1956 indexes are included in the regular November numbers at single copy price. All requests for subscriptions or for back numbers should be addressed to Editor, AMERICAN ANNALS OF THE DEAF, Gallaudet College, Washington, D. C. 20002.

All subscriptions are based on the calendar year.

COUNCIL OF ORGANIZATIONS SERVING THE DEAF, INC.

The *Council of Organizations Serving the Deaf, Inc.* was established as an official organization on January 26, 1967. It was formed as a result of a VRA sponsored study by the National Health Council into the feasibility of the establishment of a national council of organizations for the deaf. At a meeting in New York City of representatives from nine organizations of and for the deaf, the Council was established and an Executive Committee elected.

At the time of ratification the Council of Organizations Serving the Deaf, Inc. (COSD) included the following national groups: The *American Athletic Association of the Deaf; Board of Missions of the Lutheran Church—Missouri Synod; Conference of Church Workers Among the Deaf (Episcopal); Gallaudet College Alumni Association; International Catholic Deaf Association; National Association of the Deaf; National Congress of Jewish Deaf; National Fraternal Society of the Deaf; Registry of Interpreters for the Deaf.*

Basically the objectives of the Council are to promote the best interests of deaf persons through cooperative efforts by the autonomous member organizations of and for the deaf. Briefly its purposes are:

a. To aim for the elimination of social and economic barriers which handicap deaf persons;
b. To support measures directed to the prevention of deafness;
c. To improve and organize liaison between organizations of the deaf and other organizations having a substantive interest in the deaf and their problems;
d. To facilitate the sharing of information about deafness and the welfare of the deaf;
e. To enlist the support of various organizations and of the general public in the development of economic, social, cultural and other opportunities for deaf persons, in short, to improve the public image of the deaf.
f. To establish a national office in Washington, D.C. under the direction of an executive director.

Statement of purpose: Provides academic and vocational education for blind and deaf-blind students anywhere without charge. Supported by voluntary contributions. Large selection of correspondence courses range from fifth grade through high school subjects. Also vocational, recreational and selected college credit courses from Correspondence Study Department of University of Wisconsin and other universities.

John Tracy Clinic
806 West Adams Boulevard
Los Angeles, California

Mrs. Spencer Tracy, Director

Statement of purpose: Parent education and orientation program by correspondence. Enrollment of parents living throughout the world. Designed for parents of deaf children between ages of two to six. Course is given in English and Spanish and adapted to individual and special needs of both child and parents through exchange of correspondence and reports.

Education of the Deaf

The professional organizations of educators of the deaf are among the oldest organized professional groups in the United States. The Convention of American Instructors of the Deaf was organized in New York City in 1850 and The Conference of Executives of American Schools for the Deaf was organized at Gallaudet College in 1868, and the Alexander Graham Bell Association for the Deaf, Inc., was organized in Washington, D. C., in 1890. The organizations, both national and state, act in a general capacity as information centers on the education of the deaf, to promote professional growth, and to raise the educational standards in the area of deafness.

FOUNDATIONS AND INFORMATION CENTERS

American Annals of the Deaf
Gallaudet College
Washington, D. C. 20002

Powrie V. Doctor, Ph.D.
Editor

Statement of purpose: In general, a standard reference book. It is also the oldest journal on education of the deaf in the world, having been founded in 1847. According to the Library of Congress, it is the oldest existing educational journal in the United States. Official organ of the Conference of Executives of American Schools for the Deaf and American Instructors of the Deaf.

Alexander Graham Bell Association for the Deaf, Inc.
Headquarters: Volta Bureau
(1887)
1537-35th St., N.W.
Washington, D. C. 20007

Helen S. Lane, Ph.D., Pres.
George W. Fellendorf, Exec. Dir.

Statement of purpose: The Association promotes the teaching of speech and lipreading to the deaf. The headquarters of the Association, The Volta Bureau, serves as an information center on deafness; publishes books for the use of those working in the field of education of the deaf; carries on large correspondence concerning aspects of deafness. Its library is probably one of the largest in the world containing books in 20 or more languages. Has organized the International Parents Organization that is made up of persons especially interested in child-parent problems, and provides means for nationwide, continuing participation of parents working cooperatively to solve their problems. Publishes the *Volta Review.*

Association of the Junior Leagues of America, Inc.
(1921)
The Waldorf-Astoria Hotel
305 Park Avenue
New York, New York 10022

Mrs. John F. Tyler,
Secretary

Statement of purpose: An association of 13 regional groups and 196 local leagues. Composed of young women 18-40 who work as leaders and trained volunteers in the 196 local leagues. Their aim is to foster interest among members in social economics, educational, cultural and civic conditions of the community. Provides financial aid to hearing centers in some communities.

The Audiology Foundation
(1947)
Dr. Francis Lederer, Pres.
Dept. of Otolaryngology
University of Illinois
1813 West Polk Street
Chicago, Illinois

Mrs. Eva T. Carson, Exec. Sec'y.
Maitland, Florida

Statement of purpose: Grants scholarship aid to students taking advanced university training; supports surveys of hearing and subsidizes publication of scientific material and reprints of needed books.

Canadian Deaf Information Centre (1966)
56A Wellesley Street
Toronto, Ontario

E. Marshall Wick
Administrator

Statement of purpose: To collect and collate literature, data and other information relating to every aspect of deafness and the deaf and to maintain such information in the form of a reference library; to inform and educate the public concerning the problems and needs of deaf persons through the dissemination of such information. To serve as a referral agency and to publicize the work and activities of the deaf and their organizations.

Conference of Church Workers Among the Deaf
The Rev. Otto Berg, Pres.
127—6th Street, N.E.
Washington, D. C. 20002

Statement of purpose: A national organization of the Episcopal clergy and laity ministering to the spiritual and moral welfare of the deaf in the United States. Assists with training of the Episcopal clergy for the ministry of the deaf.

Crown Zellerbach Foundation
One Bush Street

HOUSING FOR SENIOR DEAF CITIZENS

Construction on a 13-story complex began in February, 1967, in Los Angeles, California for housing of senior deaf citizens.

The Pilgrim Tower Complex for Senior Deaf Citizens is a non-profit project sponsored by the Pilgrim Lutheran Church for the Deaf in Los Angeles. The 100% federal loan for construction was made under the Senior Citizens Housing Loan Program.

The structure will have 112 housekeeping units for rent and is located at 12th Street and Vermont Avenue in Los Angeles. Special Staff and accommodations are expected to be provided for deaf persons with ultimate development of an out-patient building for indigent deaf at the rear of the property.

Information may be obtained by writing *Pilgrim Tower, Pilgrim Senior Citizen Housing Development Corporation*, 1235 South Vermont Avenue, Los Angeles, California 90006.

INSURANCE

Health and life insurance for the deaf individual poses no apparent problem, while adequate coverage to operate a motor vehicle is difficult to obtain. For this reason, the *American Annals of the Deaf* lists only two associations and societies that deal in health and life insurance. Instead this section is devoted almost entirely to a listing of insurance companies that have indicated a willingness to underwrite accident insurance for the deaf driver.

SOCIAL AND WELFARE

Many of the churches for the deaf in the United States serve as social centers for the adult deaf. The duties of most religious workers with the deaf relate to the rehabilitation and to the social welfare needs of the deaf as well as to the spiritual needs. The state groups (listed separately) of the National Association of the Deaf and of the National Fraternal Society of the Deaf perform many functions in this area.

A limited service to the deaf is provided by many social and welfare organizations. However, the list below is confined to national church councils or missions and to social and welfare organizations that devote all or a major part of their time and resources to serving the deaf.

The Committee on Speech and Hearing was formed of those members of the International Society interested in the problems of people suffering from disorders of speech and hearing. The primary aim of the Committee is to provide a common thread throughout all the other fields of endeavor in which the International Society is concerned.

The objectives of this Committee are to give specific assistance to the International Society in all aspects of disablement which have communication disorders as part of the complex of symptoms; to cooperate with all professional and voluntary bodies already existing at national and international levels to disseminate information in the field of speech and hearing; on request, to assist countries in the development of services for those handicapped by speech and hearing impairment and by its information services to promote such development; to establish, maintain and expand the above and similar relationships.

World Federation of the Deaf

General Secretary

Dr. Cesare Magarotto
108, Via Val Trompia
Rome, Italy

The World Federation of the Deaf was established by a decision of the World Congress of the Deaf (Rome, 19-23 Sept. 1951) to unite all national organizations of the deaf into one single international association. The head office is in Rome, Italy.

The basic aim of the Federation's work is the social rehabilitation of the deaf. The Federation pursues the following ends:

(a) To collect data concerning the education, the legal and social position, the organization of assistance and the vocational rehabilitation of the deaf in all countries and to inform its members of the scientific and practical results achieved;

(b) To promote in the various countries the unification of associations, federations and national societies which represent the deaf and the hard of hearing, or to favour their establishment where they do not yet exist;

(c) To obtain information, reports and studies on social legislations concerning the deaf;

(d) To organize international meetings for the purpose of studying and various problems indicated in paragraph (a);

(e) To arrange for participation at meetings of interest to the deaf and to cooperate with other international organizations which deal with the problems of disabled;

(f) To defend the rights of the deaf and to promote their social rehabilitation;

(g) To promote the international exchange of specially trained people in the assistance and education of the deaf;

(h) To promote the inclusion of the problems concerning the deaf among those which are to be dealt with by international bodies in collaboration with the United Nations Organization, its bodies and its specialized agencies;

(i) To ensure the publication of documents which may interest the members of the W.F.D.

The World Federation of the Deaf pursues its aims either directly or through its agencies and foundations. It may issue publications, establish agencies, either at its head office or in other countries, in agreement with the national associations of those countries.

REHABILITATION AND PROFESSIONAL PERSONNEL SERVING THE DEAF IN THE UNITED STATES

The following list of names and departments is as complete as it was possible to get them for publication in the Directory of Services for the Deaf for 1967. It would be appreciated if corrections or additions could be sent to the Editor of the *American Annals of the Deaf* so changes could be made in the Directory of Services for the Deaf for 1968.

PROFESSIONAL REHABILITATION WORKERS WITH THE ADULT DEAF

The *Professional Rehabilitation Workers with the Adult Deaf* was established as an official organization in May, 1966. It was formed concurrent with a Vocational Rehabilitation Administration sponsored workshop being held in St. Louis, Missouri. Briefly, its purposes are:

1. To promote the development and expansion of professional rehabilitation services for the adult deaf.
2. To provide a forum and a common meeting ground so that the organization may be instrumental in bringing about a better understanding of deaf people as a whole by encouraging students, professional persons, and laymen to develop more than superficial understanding of the needs and problems of this group—especially the problems related to communication techniques needed to work effectively with the adult deaf in a rehabilitation setting.
3. To promote and encourage scientific research of the needs and problems engendered by deafness which inhibit in important ways the successful overall functioning of a deaf person.
4. To promote and develop recruitment and training of professional workers for the deaf.
5. To sponsor a professional publication for the promotion of inter- and intra-disciplinary communication among professional persons primarily concerned with deaf adults and others interested in such activities.
6. To cooperate with other organizations concerned with deafness and rehabilitation of the deaf and with allied services in promoting and encouraging legislation pertinent to the development of professional services and facilities for the adult deaf.

Membership through June 30, 1969 is open to persons serving the adult deaf as determined in the Bylaws. After the initial period it will be necessary for membership applicants to meet all the professional requirements described in the Bylaws. Membership dues are $20.00 for two years. Applications or inquiries can be made to any of the officers of the organization.

PSYCHIATRISTS WHO SERVE DEAF PEOPLE

The following is a partial listing of those psychiatrists who specialize in serving deaf people. It is hoped a more comprehensive listing will be possible in future publications. It would be appreciated if corrections or additions could be sent to the Editor of the *American Annals of the Deaf* so changes can be made in the Directory of Services for the Deaf for 1968.

TRAINING PROGRAMS IN AREA OF DEAFNESS SUPPORTED BY GRANTS FROM VOCATIONAL REHABILITATION ADMINISTRATION

Research and Graduate Programs Now in Progress at Colleges or Universities

*University of Arizona

College of Education	David Wayne Smith, Ph.D.
Tucson, Arizona 85721	Program Director

New program at the Rehabilitation Center of the University of Arizona will train specialists to work with the deaf. The Rehabilitation Center of the University of Arizona has received training funds from Vocational Rehabilitation Administration to expand its program in Rehabilitation Counselor Training to include a field instructional unit to provide specialized course work and opportunity for supervised clinical practice in the rehabilitation of deaf persons.

Students will receive internship and field experiences in the University Rehabilitation Center, the Arizona State School for the Deaf, and in the State Agency.

Participants—(Ph.D. Candidates)

Victor Galloway
Larry Stewart

DePaul University

Institute for the Study of Children and Adults	William Desmond Phillips, Ed.D.
25 East Jackson Boulevard	Program Director
Chicago, Illinois 60604	

Specialized program; (1) to prepare specialists to work in the field of rehabilitation of deaf; (2) to carry on research on deafness; (3) to orient existing professional personnel toward problems and needs of deaf persons.

The program is designed to prepare two psychiatrists, two rehabilitation counselors, and two speech and hearing personnel to work with the deaf. Next year it is anticipated that, utilizing the consortium concept in conjunction with other neighboring universities (e.g., University of Chicago, etc.), the program will move into other areas such as social workers, psychologists, etc.

VOCATIONAL REHABILITATION ADMINISTRATION—SUPPORTED OVERSEAS PROJECTS RELATING TO DEAF

U.P. Deaf and Dumb Institute Allahabad, U.P. India Mr. S. D. Misra	Investigation of techniques for rehabilitating deaf persons by means of vocational guidance, training in indigenous crafts and other trades and selective placement
The Association of the Deaf and Mute in Israel 13 Sderoth Yad le-Banim Tel-Aviv, Israel Dr. N. Sade-Sadowsky	To provide information on the present status of rehabilitation of 14-18 years old deaf persons and demonstrate how to improve their situation by training them for occupations which are better paid. It is expected also that this study will foster positive attitudes toward deaf workers and enable them to reach a higher social status in their communities
Department of Psychology The Hebrew University Jerusalem, Israel Dr. I. M. Schlesinger	An investigation of the sign language of the deaf in Israel is proposed. The findings of this investigation will then be used as basis for the construction of experimental courses in this language
The Association for the Welfare of the Adult Deaf and Dumb Karachi, West Pakistan Mr. M. Y. Butt, Honorary Sec'y	To demonstrate to local industries that deaf people have the capacity to be productive workers and to demonstrate that deaf are a source of manpower for the continuously expanding industries in Pakistan

REVIEW OF PUBLICATIONS

AUDIOLOGY

Audiometry, Principles and Practices, edited by Aram Glorig, M.D., and sponsored by the American Academy of Ophthalmology and Otolaryngology. Published by The Williams and Wilkins Company, Baltimore, Maryland. 1965. 271 pp. $9.75.

The use of the modern audiometer, and the interpretation of test results are the two primary subjects of this book. Intended for audiologists, speech specialists and otologists, it offers chapters on acoustics, psycho-acoustics, auditory research, test environment, puretone audiometry, speech audiometry, screening tests, diagnosis, evaluation of hearing in infants and young children, industrial audiometry, and evaluation of non-organic hearing loss. Appendices contain a glossary and a discussion of the International Audiometric Reference Zero.

Auditory Communication for the Hard of Hearing, by Herbert J. Oyer, Michigan State University. Published by Prentice-Hall, Inc., Englewood Cliffs, New Jersey. 1966. 152 pp. $4.95.

Speech pathologists and audiologists who work with the hard of hearing are the target for this book. Topics covered are adjustment problems, auditory perception, oral language development, auditory training equipment, group and individual aid training, multisensory training, and training for the multiply handicapped. One chapter lists training materials that are currently available.

Hearing Loss, by Joseph Sataloff, M.D., D.Sc. Published by J. B. Lippincott Company, Philadelphia, Pennsylvania, 19105. 1966. 394 pp. $14.00.

This book, which has been written as a guide for clinicians, covers hearing tests that range from the tuning fork to the complex audiometer. It includes discussions of the etiology and diagnoses of different types of hearing loss. It concludes with chapters on the social and emotional aspects of hearing disability, on the recognition and prevention of occupational hearing loss, and on hearing loss in children.

BIBLIOGRAPHY

Bibliography on Deafness. A Selected Index, edited by George W. Fellendorf. Published by the Alexander Graham Bell Associtation for the Deaf, Inc., Washington, D.C. 1966. 148 pp. Clothbound $10.00. Paperbound $3.50.

Contained in this first cumulative index are listings of selected articles from *The Volta Review* (1899-1965) and the *American Annals of the Deaf* (1847-1965). Entries are listed by subject; there is also an author index.

BRAIN DAMAGE (APHASIA)

Childhood Aphasia and Brain Damage: Volume II, *Differential Diagnosis,* edited by Sheldon R. Rappaport. Published for The Pathway School by Livingston Publishing Company, Narbeth, Pennsylvania. 1965. 164 pp.

This publication is an edited transcript of The Pathway School's Second Annual Institute held in March 1964. Contributors represent several disciplines: psychiatry, neurosurgery, audiology and speech pathology, special education, psychology and social work. Ten case histories (printed in an appendix) serve as foci for a discussion of differential diagnosis. Much emphasis is placed on the necessity for distinguishing between organic rather than psychological causes of atypical performance.

The Aphasic Child, A Neurological Basis for His Education and Rehabilitation, by Alice Calvert Roberts, University of Illinois. Published by Charles C. Thomas, Publishers, Springfield, Illinois. 1966. 84 pp.

The purpose of this book is to create a multidisciplinary approach which will be mutually beneficial to educators, speech therapists, social workers, neurologists, pediatricians, and ophthalmologists. The children described were seen once a week for one or two years by the Epilepsy Clinic of the University of Illinois. All of the children attended school; their parents were trained to do special work with them at home. Chapters cover neurophysiology; neurology and psychology; electroencephalograms; education, emphasizing auditory and visual discrimination; rehabilitation; and case histories.

DEAF-BLIND

Auditory Rehabilitation for Hearing-Impaired Blind Persons, prepared by The Industrial Home for the Blind, Brooklyn, New York, edited by Maryjane Rees; project directed by George E. Keane. Published by the American Speech and Hearing Association. 1965. 96 pp.

The goal of this project, carried out at the Industrial Home for the Blind in Brooklyn, was to apply the skills of audiology to the rehabilitation of blind persons. Among the problem areas investigated were sound localization and identification, and the need for a "vocabulary" of sounds for auditory training. This monograph reports on hearing-aid evaluation and follow-up (including the advantages of binaural aids for blind persons), and on the social impact of aural rehabilitation for blind persons.

DIRECTORY

International Directory, Schools and Organizations for the Deaf, 1965, by Jerome D. Schein and Powrie V. Doctor, Gallaudet College. Published by Gallaudet College. 1965. 101 pp. $2.50.

A listing of the names and addresses of schools and organizations for the deaf throughout the world. Future plans for this publication call for biennial updating.

EDUCATION

Conflict in the Classroom, edited by Nicholas J. Long, Hillcrest Children's Center, Washington, D.C., William C. Morse, University of Michigan, Ruth G. Newman, Washington (D.C.) School of Psychiatry. Published by Wadsworth Publishing Company, Inc., Belmont, California. 527 pp. $4.75.

Each chapter of this book examines a fundamental question: How does it feel to be emotionally disturbed? How can disturbed children be identified? Helped? How does one manage them? Teach them? Measure results? How is research helping? The editors suggest a psychoeducational approach. Articles from a large number of contributors explore each question through case studies, suggested therapy, and a considerable attention to the teacher's direct involvement.

The Disadvantaged Child, Issues and Innovations, by Joe L. Frost, Iowa State University, and Glenn R. Hawkes, University of California at Davis. Published by Houghton Mifflin Company, Boston, Massachusetts. 1966. 445 pp.

The editors have selected representative literature on the education of children from disadvantaged or culturally deprived homes. The various contributors discuss the characteristics of these children, their perceptual and communication skills, their language impairment, and the constancy of results on I. Q. tests administered to them. One section of the book deals with special teaching methods and another with teacher training.

Mathematical Understandings, Arithmetic for Deaf and Hard of Hearing Children in the Elementary School, Curriculum Bulletin, No. 159. Published by the Kansas City, Missouri, Public Schools. 1966. 152 pp.

A study by teachers in the Deaf and Hard of Hearing Department of the Troost Elementary School in Kansas City, Missouri, has led to this curriculum guide. Resource material for the Ginn and Company *Arithmetic We Need* series is provided on seven different levels. Learning activities include vocabulary, games, charts, classroom exercises and demonstrations. The book contains a glossary of mathematical terms and a bibliography of selected references.

Preparation of Teachers of the Deaf, a Report of a National Conference, Virginia Beach, Virginia, March 1964, edited by Stephen P. Quigley. Published by U.S. Government Printing Office, Washington, D.C., 20402. 1966. 63 pp. $ .25.

The major topics covered at this meeting were recruitment and selection of students; curriculum; practicum; evaluation, accreditation, and administration of teacher preparation programs. Appendices to the report include the federal program for training teachers, and current curriculum trends.

Suggested Policies for the Education of Aurally Handicapped Children in Special Day Classes, by Roy C. Hill, County Superintendent of Schools. Published by San Bernardino County Schools, 172 West 3rd Street, San Bernardino, California, 92403. 1966. 20 pp.

Outlined here are the policies and procedures followed in the administration of San Bernardino's special day classes for the severely hard-of-hearing. Sample case study forms are included in an unpaged appendix. The material has been prepared for administrators and other professional personnel.

Symposium on Research and Utilization of Educational Media for Teaching the Hearing Impaired, The Nebraska Center for Continuing Education, Lincoln, Nebraska. May, 1965, sponsored by Captioned Films for the Deaf, U.S. Office of Education, Department of Health, Education, and Welfare. 1966. 197 pp.

This material may also be found in the November 1965 issue of the *American Annals of the Deaf.*

Teaching Devices for Children with Impaired Learning, by Helen O. Epps, Gertrude B. McCammon, Queen D. Simmons, and edited by Ruth Melcher Patterson. Published by The Parents' Volunteer Association of Columbus State School, Inc., 1601 West Broad Street, Columbus, Ohio. Fourth printing, 1964. 81 pp. $1.75. ($2.00 outside the United States.)

This booklet contains recommendations of teaching methods for institutionalized mentally deficient children whose diagnosis suggests an etiology of brain-injury and who exhibit characteristics of distractibility, explosive behavior, lack of organization and of purposive behavior, disinhibition, perceptual difficulties, hyperactivity, and driveness. Four sub-groups of difficulties are defined: visual somatic (movement blindness), visual autonomic (meaning blindness), auditory somatic (word-sound deafness), and auditory autonomic (word-meaning deafness). Tested learning activities are suggested for each group. Equipment and daily scheduling are also discussed.

INTERDISCIPLINARY PROJECTS

Audiology and Education of the Deaf. A report prepared by the Joint Committee on Audiology and Education of the Deaf. Ira M. Ventry, Research Director. Published by a committee established by the American Speech and Hearing Association and the Conference of Executives of American Schools for the Deaf. 1965. 171 pp.

A joint committee, established by the American Speech and Hearing Association and the Conference of Executives of American Schools for the Deaf, reports the results of a two-year project aimed at the development of improved understanding between educators and audiologists. The project studies the training programs of both groups, the types of audiologic services available in speech and hearing centers and in schools for the deaf, and the attitudes of teachers and audiologists toward the academic training in each of these two disciplines.

LANGUAGE OF SIGNS

Interpreting for Deaf People: A Report of a Workshop on Interpreting, Portland, Maine, July, 1965, edited by Stephen P. Quigley. Report distributed by Vocational Rehabilitation Administration, Washington, D.C. 1966. 140 pp.

A report of a 1965 workshop on interpreting which defines specific interpreting problems and provides guidelines for the training of interpreters. A code of ethics is set forth, and there is a discussion of various aspects of interpreting such as physical setting, use of fingerspelling, idiomatic expressions, communication with the orally oriented deaf person and with the person who has severely limited language skills. The report also covers special areas such as legal, medical and religious situations, job placement, and counseling and therapeutic situations. An appendix contains reviews of books and movies on manual communication.

LANGUAGE

The Birth of Language, The Case History of a Non-verbal Child, by Shulamith Kastein, College of Physicians and Surgeons, Columbia University, and Barbara Trace. Published by Charles C. Thomas, Publishers, Springfield, Illinois. 1966. 182 pp. $6.75.

This is the case history of a non-verbal child from her premature birth to her eleventh year. The child has a hearing loss, although this is not her major handicap. An introduction and an epilogue by a speech pathologist define the problem professionally. The bulk of the book consists of a mother's detailed record of the child's progress in pre-school therapy at a speech clinic, nursery school, home training in the Montessori method, increasingly complicated language concepts, and grade school. Appendices contain drawings, selected readings, and educational materials.

A Dictionary of Idioms for the Deaf, compiled and edited by Maxine Tull Boatner, Project Director and John Edward Gates, Linguist. Published by the American School for the Deaf, West Hartford, Connecticut, 06107. 1966. 364 pp.

Planned for the use of students and teachers in the upper grades of schools for the deaf, this volume defines English phrases which cannot be understood from the definitions of the separate words given in ordinary school dictionaries. Idioms are entered in basic dictionary form; variants are listed; the part of speech is labeled. The entries are classified as slang, informal, or formal; defined in all multiple meanings; illustrated in sample sentences. There are usage notes, cross references, synonyms and contrasts, and etymologies.

A Guide to the Teaching of Language to the Deaf, Volume I—Preprimary through Primary levels; Volume II—Intermediate through Advanced levels. Published by The Board of Public Education, School District of Philadelphia. Available from Willis and Elizabeth Martin School, 22nd and Brown Streets, Philadelphia, Pennsylvania 19130. Volume I, 1965. 193 pp. $4.25. Volume II, 1966. 142 pp.

The Willis and Elizabeth Martin School of Philadelphia has prepared this detailed two-volume language curriculum guide. It contains check lists of vocabulary, directions for teaching language principles (including the use of the Fitzgerald Key), and examples of the number and kinds of sentences a child should use at a particular level. Various charts, illustrations, and auditory training materials are suggested. Flash cards, sequence stories, and charts have been prepared to accompany the guide.

Language and Education of the Deaf, by Herbert R. Kohl. Published by the Center for Urban Education, 33 West 42nd Street, New York, New York, 10036. 1966. 34 pp.

This booklet is the first in a series of studies by the Center for Urban Education. It is a discussion of the education and present achievement of the deaf in the United States. The author reports on research in language and concept formation.

The New Language Stories and Drills, Books I, II, and IV, by Gertrude W. Croker, Mabel K. Jones, and M. Evelyn Pratt. Published by The Vermont Printing Company, Brattleboro, Vermont. 1965, 1966.

Three of the four volumes of this classic language series have been updated and reprinted. The remaining revised volume is in preparation. The format, the bulk of the text, and the illustrations remain the same. Vocabulary, however, has been modernized.

MEDICAL

Anatomy for Speech and Hearing, by John M. Palmer and Dominic A. La Russo, University of Washington. Published by Harper and Row, Publishers, New York. 1965. 216 pp.

This book concerns itself only with anatomy directly related to speech and hearing. An opening chapter offers a brief introduction to terminology. Outline drawings, large enough to be labeled by the student, illustrate the text, and a series of "clinical notes" relate the illustrated structures to speech and hearing pathologies. The book also contains a glossary and a table of physiologic phonetics which spell out the primary muscular activity involved in the production of normal American speech sounds.

The Surgery of Deafness, by Georges Portmann, Michel Portmann, and Gilbert Claverie, edited and translated by W. A. Sultana and W. McKensie. Published by Progress Press Co., Ltd., Strickland House, 341 St. Paul Street, Valetta, Malta. 1964. 424 pp.

This book is intended for research workers and specialists in the treatment of deafness. Under the two main headings of stapes surgery and tympanoplasty are descriptions of anatomical and physical features and of surgical techniques. Advantages and disadvantages of the various types of surgery are discussed.

METHODOLOGY

Methodological Aspects of a Hearing Ability Interview Survey, Public Health Service Publication No. 1000, Series 2, No. 12, U.S. Government Printing Office, Washington, D.C. 1965. 19 pp. $0.25.

This report describes the development and use of a series of items which served as a scale for the measurement of functional hearing ability in an interview survey of the general population.

American Annals of the Deaf, Gallaudet College, Washington, D.C. 20002.

There have been 32 printed *Proceedings* and two in manuscript form since the first Convention of the American Instructors of the Deaf was held in 1850. They include discussions, business matters, and addresses on a wide variety of topics related to the education of the deaf. Each chapter in this thesis is organized about a principal subject covered in the *Proceedings* and contains a chronological bibliography of pertinent papers. An index offers cross references.

Orientation of Social Workers to the Problems of Deaf Persons. Proceedings of a workshop sponsored by the Vocational Rehabilitation Administration, Department of Health, Education, and Welfare, and the School of Social Welfare, University of California at Berkeley, held in November 1963, edited by Beryl Godfrey. Vocational Rehabilitation Administration, Washington, D.C. 1964. 135 pp.

READING

Mr. Monk, by Betty McGregor. Published by McGregor Books, 2712 Sanborn, Amarillo, Texas, 79107. 1966. 125 pp. $1.50.

This is an "oral primer" directed at children who have special language problems stemming from deafness, mental retardation, or the need to learn English as a second language. Straight language exercises and guides to pronunciation accompany every story. Illustrations are black and white line drawings.

Reading Disorders, A Multidisciplinary Symposium, edited by Richard M. Flower, Helen F. Gofman, and Lucie I. Lawson. Published by F. A. Davis Company, Philadelphia, Pennsylvania. 1965. 146 pp. $2.65.

This was an interdisciplinary symposium for medical specialists (from the University of San Francisco Medical Center) and educators. Reading disorders, as aspects of learning behavior, were discussed by participants who represented the fields of pediatrics, ophthalmology, neurology, psychiatry, psychology, speech pathology, and education.

RELIGION

All Things to All Men, edited by Joseph F. X. Cevetello. Published by Joseph F. Wagner, Inc., New York, New York. 1965. 438 pp.

The pastoral work of the modern Catholic priest requires a wide knowledge of the problems presented by our society. This collection of essays offers guidelines for work in about twenty different problem areas.

In a chapter, "Working With the Deaf," the Very Reverend Monsignor John P. Hourihan provides a brief historical sketch of work done with the deaf and then discusses parent counseling, education, religious instruction, Mass, Confession, organizations for the Catholic deaf, and vocational rehabilitation.

Come and See, Books 1–5, by Marian C. Quinn and Sr. M. Syra, O.S.F. Published by Department of Vision and Hearing Services, Catholic Charities, Archdiocese of Chicago. 1966. 5 Volumes.

There are five text-work books and a Sunday Missal in this graded series for the religious education of language handicapped Catholic children. Prayer, Grace, the Sacraments, the Commandments, and a study of the Mass are introduced at appropriate levels. Vocabulary is controlled and work pages provide learning experiences as well as check on comprehension.

John of Beverly Series, edited by Amelia Mary Boos (Book 1) and Melvin W. Luebke (Books 2–5). Published by Mill Neck Manor Lutheran School for the Deaf, Long Island, New York. 1963, 1964, 1965. Five volumes. No charge. Limited supply.

This series of work-text books for the religious instruction of deaf children was developed by the Mill Neck Manor Lutheran School for the Deaf. Bible stories, religious precepts, and the meaning of religious holidays are developed on five different levels. A page of notes to the teacher accompanies each volume.

SOCIAL ASPECTS OF DEAFNESS

David in Silence, by Veronica Robinson. Published by J. B. Lippincott Company, Philadelphia. 1966. 126 pp. $3.25.

An English novel for a junior audience about the struggle of a young deaf boy and his hearing friends to understand one another. In the course of the narrative, the author describes the boy's social isolation, his frequent misconceptions, and the full impact of his language handicap.

Interaction of Deaf and Hearing in Frederick County, Maryland, by Paul Hanly Furfey and Thomas J. Harte, Bureau of Social Research, The Catholic University of America. Published by The Catholic University of America Press, Washington, D.C. 1965. 88 pp. $1.95.

Deaf residents of Frederick County, Maryland, were studied by a casework method. A probability sample of the hearing population was interviewed and rated on the number of contacts they had with deaf persons, on their knowledge of local conditions affecting the deaf, and on their general knowledge of deafness. Special studies were made of four groups (manufacturers, merchants, health personnel, and clergymen) with whom the deaf would normally have contact.

The Prisoner Released, by Stephan Chodorov. Published by U.S. Government Printing Office, Washington, D.C. 1965. 24 pp.

This is a one-act play written for the Plays for Living Division of the Family Service Association of America, and first produced in Washington, D.C. for the annual meeting of the American Hearing Society. It is the story of a middle-aged man's discovery of and adjustment to a gradual hearing loss. There is a cast of four; the set is very simple. Suggestions are offered for group discussion at the end of the play.

SPEECH

The Child Speaks, A Speech Improvement Program for Kindergarten and First Grade, by Margaret C. Byrne, University of Kansas. Published by Harper & Row, Publishers, New York. 1965. 130 pp. $3.75.

Lessons consisting of activities, stories, poems and games are organized around speech sounds. The author assumes that the teacher has a limited background in speech development and provides detailed instructions. Although the book is meant to aid in therapy for normally hearing children, some of the activities can be adapted for the deaf.

Development and Disorders of Speech in Childhood, by Isaac W. Karlin, Jewish Hospital of Brooklyn, David B. Karlin, Mt. Sinai Hospital, New York City, and Louise Gurren, New York University, New York City. Published by Charles C. Thomas, Publisher, Springfield, Illinois. 1965. 324 pp. $9.00.

Normal speech development, and deviations from it, are considered both medically and educationally. Normal development is described; anatomical, physiological, and psychological aspects of the speech mechanism are presented; the causes of organic and functional speech and language disorders are discussed; and therapy is suggested for some of the different disorders. The book contains numerous anatomical diagrams.

The Development and Disorders of Speech in Childhood, Second Edition, by Muriel E. Morley, D.Sc., F.C.S.T., F.A.C.ST. Published by The Williams and Wilkins Company, Baltimore, Maryland. 1965. 464 pp. $10.00.

This is a second, revised, edition of a handbook for the management of speech disorders. It is directed at speech therapists, teachers, medical specialists, and family doctors. An investigation of the speech patterns of children from 1,000 families in an English town provides a basis for a discussion of normal development. Deviations are discussed in broad categories: delayed development (as related to intelligence, developmental aphasia, hearing and emotional difficulties); defective articulation; stammering; speech disorders in twins; and lateral dominance. Suggestions for various kinds of therapy are offered.

English Monosyllables, A Minimal Pair Locator List for Teaching English as a Second Language, by Ted Plaister. Published by East-West Center Press, Honolulu. 1965. 86 pp. $1.25.

This is a compilation of rhyming monosyllabic words, intended as drill material for students of English as a spoken second language. Entries are listed alphabetically according to rhyme; they are grouped first by vowel and then by final consonant sound. Items within any sublist are arranged alphabetically. Essentially the book is a rhyming dictionary.

Helping the Child to Listen and Talk, by Joan M. Sayre. Published by The Interstate Printers and Publishers, Inc., Danville, Illinois, 61832. 1966. Approx. 30 pp. $.40.

This booklet suggests ways that parents and teachers may help a child with a speech or hearing disorder. It offers a simple introduction to the techniques of speech and lipreading. It lists sounds that look alike; discusses voiced and breath sounds; outlines some simple games and drills; and, in an appendix, lists books, periodicals, and materials that may be of use.

For the Parents of a Child Whose Speech is Delayed, by R. Corbin Pennington and Elizabeth James. Published by The Interstate Printers and Publishers, Inc., Danville, Illinois. 1965. 32 pp.

The parents of a child whose speech is delayed can learn much about the possible causes from this booklet. The authors discuss speech readiness and suggest ways to stimulate and broaden communication.

Speech and Man, by Charles T. Brown and Charles Van Riper, Western Michigan University. Published by Prentice-Hall, Inc., Englewood Cliffs, New Jersey. 1966. 147 pp. $2.25.

Described by its authors as "a pleasant companion" to a college speech course, this book is concerned with the function of speech as "the most important single achievement of the human race." This thesis is enlarged by a discussion of the power of speech to express emotion, to develop self knowledge, to communicate, to control, to express ideas, to give pleasure.

Talking Magic, Book I, by Erleen Marquardt, Charlotte-Mecklenburg (N.C.) Public Schools. Published by The Interstate Printers & Publishers, Inc., Danville, Illinois. 1965. 152 pp.

Progressive lessons in this book tell of the struggles of Speaky, a fictional cat who learns to talk. Each lesson contains the story of a new adventure and centers about a different consonant sound. Supplementary practice material introduces a series of hand signals to be used as cues to correct pronunciation. The stories were planned for an audience of pre-school and primary grade listeners, but have proved successful with older groups.

VOCATIONAL REHABILITATION AND EMPLOYMENT

A History of Vocational Rehabilitation in America, by C. Esco Obermann, Iowa Wesleyan College. Published by T. S. Denison, Inc., Minneapolis, Minnesota. 1965. 389 pp. $5.95.

The author traces the history of rehabilitation from the most ancient attitudes toward disability through our contemporary programs for the handicapped. Chapters cover voluntary organizations, workmen's compensation, rehabilitation of veterans, state and federal programs, rehabilitation of the blind, the President's Committee on Employment of the Handicapped, and the National Rehabilitation Association.

National Symposium on the Deaf, Driving and Employability, by Sherman G. Finesilver. Published by the Department of Health, Education, and Welfare, Washington, D.C. 1964. 223 pp.

This symposium was held in February 1962. Specialists reported on the medical background of deafness, psychology, education, captioned films, employment. Special licensing problems, adult driver education, an analysis of the driving task, and traffic safety, were among the topics discussed.

Occupational Status of the Young Adult Deaf of New England and the Need and Demand for a Regional Technical-Vocational Training Center, by E. B. Boatner, American School for the Deaf, E. Ross Stuckless, University of Pittsburgh, and Donald F. Moores, American School for the Deaf. Published by the American School for the Deaf, West Hartford, Connecticut. 1964. 128 pp.

The current occupational conditions of the young deaf adults in New England are described and related to the vocational aspirations, aptitude, and training of these young persons. Alternatives to the present training procedures are discussed, as is the possibility of establishing regional technical and vocational training centers.

Proceedings of a National Workshop on Improved Opportunities for the Deaf. Published by U.S. Department of Health, Education, and Welfare, Washington, D.C. 1965. 102 pp.

Participants, who were educators of the deaf, rehabilitation workers, labor and government representatives, deaf persons, and parents of deaf children, met to discuss vocational training programs and employment opportunities.

INTERNATIONAL CONGRESS ON EDUCATION OF THE DEAF, AUGUST, 1970

On January 7-8, 1967, The Board of the Swedish Association of Teachers of the Deaf invited representatives from the other Scandinavian Associations of Teachers of the Deaf to Stockholm in order to discuss problems concerning the next International Congress on Education of the Deaf.

An informal invitation to meet in Sweden was issued at the International Congress on Education of the Deaf in Washington, D. C. in 1963.

In Stockholm, it was decided at the meeting that Sweden, in cooperation with other Scandinavian countries, should arrange an International Congress on Education of the Deaf in August, 1970, in Stockholm.

(A) Separate Public Residential Schools for the Deaf.

(B) Public Residential Schools for the Deaf combined with Public Residential Schools for the Blind.

† Puerto Rico School not included—No report received since 1955.

(C) NOTE: Public Day Schools are considered as those schools being housed in an entirely separate building, whereas, Public Day Classes are considered as those classes for the deaf being housed in a unit which is not devoted entirely to the education of the deaf.

** Although one entry may appear for a school district, a number of schools or classes are involved. This figure is a count of the separate schools or classes as they have been reported. Not all School Districts gave a breakdown.

INSTRUCTIONAL MATERIAL CENTERS FOR HANDICAPPED CHILDREN & YOUTH
DIVISION OF RESEARCH
BUREAU FOR EDUCATION OF THE HANDICAPPED
Washington, D.C. 20202

Ten Instructional Material Centers for handicapped children have been established in cooperation with the U.S. Office of Education. They will collect instructional materials and aides such as braille books, test kits, and tapes and recording devices, evaluate their effectiveness, and make them available to local schools. The centers also will engage in research and development aimed at devising improved teaching materials for the handicapped. Institutes and workshops will be held at the centers to familiarize teachers with the use of special educational materials. Handicapped children and youth to be served by the centers will include the mentally retarded, emotionally disturbed, crippled, speech-impaired, deaf, and visually handicapped.

The centers and center directors are listed below. Correspondence should be sent c/o the "Special Education Instructional Material Center".

Captioned Films for the Deaf

JOHN A. GOUGH

The program of Captioned Films for the Deaf is a recreational and educational program for the deaf provided by the Federal Government. It is administered in the Department of Health, Education, and Welfare, Office of Education, Bureau for the Education of the Handicapped, Division of Educational Services, Washington, D.C.

Scope of Services

The program provides recreational films such as Hollywood feature pictures with English subtitles, educational films and other educational media. Recreational films are available to groups of three or more deaf persons but may be made available to single individuals in cases of severe hardship. Educational materials are available to deaf persons, to parents of deaf children, to professionals working with the deaf and to employers or potential employers of the deaf. All materials are provided on free loan. Motion pictures must be returned within a specified period of time, but educational materials of other kinds are usually provided on indeterminate loan. Borrowers receiving films on short term loan are required to pay only the return postage.

How To Obtain Service

Program materials and services are available only to groups or individuals previously certified as eligible under the terms of regulations under which the program functions. Application for certification should be made to *Captioned Films for the Deaf, U. S. Office of Education, Washington, D.C. 20202.*

Distribution

Distribution of Recreational Films

Recreational films are distributed to *certified* users by three regional film libraries. All requests for feature films should be mailed to the library serving your home State. Refer to the following lists to locate the library serving your home state.

See *How To Obtain Service* if you have not yet been certified for film service.

4,800 current abstracts on

Oto-, Rhino- Laryngology

are yearly published in Section 11 of Excerpta Medica's Monthly Abstracting Series

Excerpta Medica's monthly abstracting journals bring to your desk abstracts of current articles and reports of medical and biomedical literature published throughout the world. These abstracts, prepared, translated and edited by the Foundation's international team of more than 7,000 specialists, provide information which would, due to the language barrier or the unavailability of the original publication, otherwise be inaccessible to you. Monthly Author and Subject Indexes enable you to rapidly locate abstracts, under the appropriate headings in every issue.

Help for the "blind side" hearing problem.

New Zenith "Emissary" helps restore 360° hearing to people deaf in one ear.

Working closely with highly qualified independent hearing specialists, Zenith engineers have created the "Emissary," an eyeglass model hearing aid which places the microphone in the temple bar over the bad ear. (It doesn't matter which ear is the deaf ear. Zenith makes both left-side and right-side models.)

The sound is crossed-over to the earphone in the temple bar on the side with normal hearing. The small plastic tube is fitted loosely in an open canal mold in the good ear.

With the new "Emissary" even a person who is totally deaf in one ear can carry on a conversation with someone on his "blind" side in spite of loud, distracting sounds.

If you have a patient who has a unilateral loss, won't you tell him about the new Zenith "Emissary."

In case he hasn't heard. ZENITH

POSITIONS AVAILABLE:

FOUR TEACHERS OF THE DEAF — ONE SOCIAL WORKER

●

Teachers will begin work in September — two at nursery level — two at lower primary grades.

Program includes both school and day class facilities.

Collaborating pupil personnel services include audiology, otology, parent educator, psychology, and social work.

The territory is an attractive growing suburban area.

Adequate housing is obtainable within a comfortable distance of work.

Salary: With a Master's Degree — $6,800-$9,448, depending upon experience. With a Bachelor's Degree — $5,600-$9,200. Major medical and pension plans financed entirely by the Agency.

●

Social worker to begin work immediately. Responsibility, primarily relating to special education services, include intake, on-going evaluation of children in regular consultation with all other professional disciplines in the program, and parent counseling. Psychiatric counseling available. Will also work with families of visually impaired children and with some hearing impaired or visually impaired adults.

Master's Degree in Social Worker required. ASCW preferred. Experience with handicapped persons preferred but not essential.

Salary: $7,000-$9,560. Major medical and pension plans financed entirely by the Agency.

41 new Coronet captioned films to help deaf children learn

Coronet Films, America's leading producer of 16mm educational films, now brings to deaf children the vast teaching potential of motion pictures to inform, to clarify, and to offer new experiences. Easy-to-read captions, printed over the lower portion of the pictures, present essential concepts without interrupting the flow of the film.

These films were especially selected by the U.S. Office of Education Captioned Films for the Deaf Program. In most of the films, a special sound track based on the captions brings a unique listening experience to the partially deaf. In other films, the original full-length sound track remains intact, for teachers who wish to study the content more fully.

The films are for all grade levels and the subject areas of U.S. history, science, health, guidance and language arts. Seven of the films are in full color only, others are available only in black and white. Prices are $60 per reel, 11 minutes, black and white; $120 color.

Write for our free brochure, "Open the Wide World to Deaf Children", which describes these films in detail.

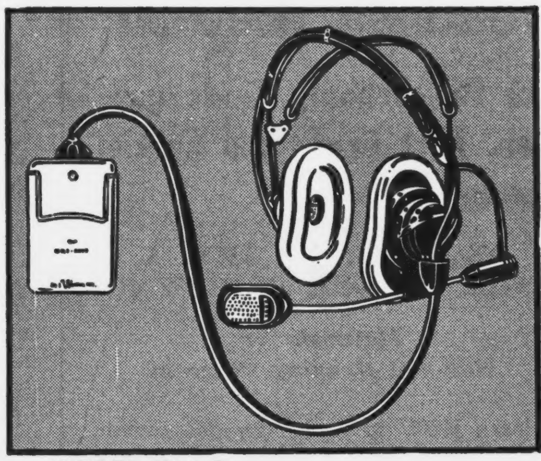
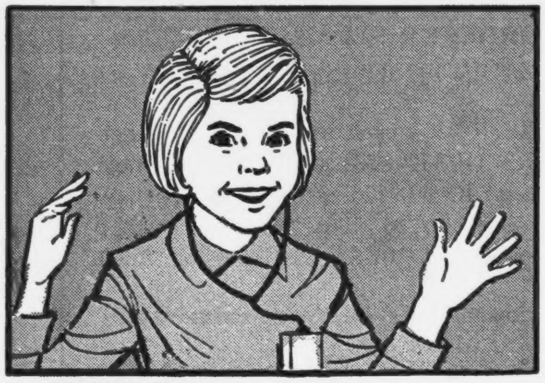
THE NEW
WARREN WEARABLE
WALK-AWAY UNITS

So powerful it provides
up to 137 DB output
(6CC Coupler)



MODEL W-1-B
Teaching made easier. Clearer sound at higher levels, enables the aurally-handicapped child to understand more. Noise-cancelling microphone has separate volume control so pupil can distinctly hear own voice.



MODEL W-1
New, lightweight, wearable unit fits conveniently into shirt pocket or can be clipped to dress. Becomes highly efficient hearing instrument away from class.

Write today for a brochure, or better still request an objective classroom demonstration.

WARREN WALK-AWAY UNITS
Eliminate Interconnecting Cables
That Restrict Pupils To Their Desks

With the new WARREN WALK-AWAY, pupils can now go to the chalkboard, and join in classroom activities; and they are always in hearing contact. Since the units increase classroom achievement, WARREN WALK-AWAYS are now the most sought after units in the profession. They are available as pictured above with dynamic or miniature receivers, and are the most powerful wearable units obtainable. All the teacher needs with the WARREN WEARABLE WALK-AWAY SYSTEM is the WARREN Model T-2 patented GATED COMPRESSION Amplifier (Patent No. 2-659-777) to which is added the inexpensive Loop or Chanalator. This GATED COMPRESSION Auditory Training System cushions all sound with no appreciable distortion at high output levels.

Materials for Non-oral Reading Program

Lessons are organized in Units. Children learn HOW to study (by doing with manipulatives) and automatically learn how to read books which are at their disposal. This eliminates situations where they sit in a row with books in their hands and wait for their turn to read.

1. Reading by Doing Series (Primer) 8 units and lesson plans $8.55 postpaid.
2. Non-oral Reading Series (1st Gr) 748 word vocabulary $25.60 postpaid. Chicago Board of Education item 11-009. See review in ASHA journal, May 1964.

Non-oral Reading Program

LISTED BY CHICAGO BOARD OF EDUCATION

Non-oral reading is, by definition, silent reading in which there is no subvocalization or inner speech. The advocates of the non-oral method make no claim that oral reading should be abandoned in the school but recommend only that it be not used until the essential reading attitude, that of "thinking" meaning in response to visual perception of words, has first been established.

The non-oral reading method was originated by James E. McDade, who was at that time assistant superintendent of schools in Chicago. While principal at the Wentworth School, Chicago, he gave help daily to retarded children, using various devices. Devices which were successful in practice were retained, developed and published. These devices were improved over a period of years and are used successfully in teaching the non-oral method at the present time.

The non-oral method of teaching reading was begun in one class in the Chicago public schools in the autumn of 1935. Eleven classrooms introduced the method in 1936. By 1939 there were 470 rooms in the Chicago schools which were employing this method. In the ensuing ten years, more than 70,000 pupils in 137 different elementary schools learned to read by this method. In 1945, G. T. Buswell, Ph.D., Department of Education, The University of Chicago, made a survey of the results of the non-oral reading method. The results of this survey were publicized in monograph Number 60, titled, "Non-oral Reading: A Study of Its Use in the Chicago Public Schools." The University of Chicago Press, September 1945.

This independent reading program enables kindergarten, first grade, mentally retarded and hard of hearing children to acquire an extensive vocabulary, with meaning, of words common to the basic primary readers. Working at their own rate and learning by doing, they acquire a foundation for phonetics, oral reading and teaching machines.

Lessons can be effectively televised without previous preparation.

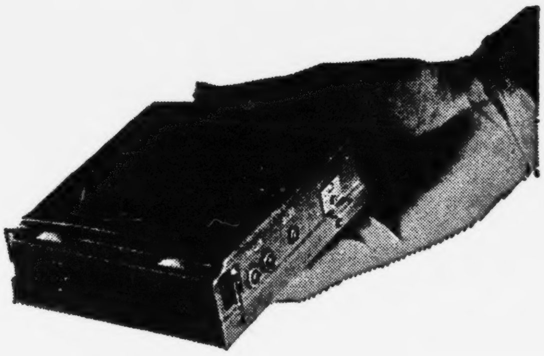
AVC* is here!



...on the new EFI Wireless Auditory Training System. Another major advance in the science of hearing training.

EFI, new leader in the field of auditory training systems, announces the new EFI Wireless Auditory Training System . . . new features . . . new flexibility . . . to further enhance the teaching of voice modulation and communicative skills.

EFI Wireless Auditory Training Systems have proven flexibility in the education of the deaf. Wireless and completely portable, they require no special installation or electrical wiring; a psychological advantage to the student, a convenience to the teacher, an economical space-saver for the school.

MODULATED CARRIER The easily operated teacher control transmits high-level undistorted sound via the "Learning Loop". Unlike the induction loop, modulated carrier transmission is not subject to external interference.

FULL INPUT MIXING with non-interacting volume controls permits six program sources to be used simultaneously . ... a teacher lavaliere microphone, two floor microphones, phonograph or projector, and an EFI Audio Notebook.

RECHARGEABLE BATTERIES power the transistorized student receiver-amplifier unit. Lightweight and contoured for comfort, it is worn at the waist or chest allowing complete freedom of movement.

AUTOMATIC VOLUME CONTROL* with binaural adjustment lets the student adjust the sound level once and regardless of where he goes in the room, the level remains the same. Calibrated controls let the teacher accurately set the level to compensate for the student's hearing loss.

DYNAMIC COMPRESSION Unlike gated compression, EFI's exclusive amplifier (delivering over 135db) changes the ratio of input-output levels so that compression over the entire range is variable and gradual, providing a realistic sound. This gives the student an accurate comparison of relative sounds even though the audible range may be quite limited.

NEW PERSONAL MICROPHONE lets the student hear his own voice through the headphones for realistic comparison of sounds. Swinging the microphone away from the face lets him pick up additional sounds and conversations outside the classroom or at home.

FREQUENCY RESPONSE is flat within 3db from 90 cps to 5000 cps over the entire system.

EIGHT CHANNEL RECEPTION now lets the student use his own unit anywhere in the building with no overlap from adjacent areas.

PERSONAL COUNSELLING jack provides direct student-teacher contact without disturbing the rest of the class.

AUTOMATIC SHUT-OFF The receiver unit is automatically shut-off when the headphones are disconnected.

In concept and design, the EFI Wireless Auditory Training System offers simplicity of operation, flexibility in use, reliability and economy . . . new opportunities for teaching . . . new benefits for learning. Send. the coupon for details.
